

James Gladstone

Wind whistling,
Snow glistening,
We try not to,
But we're all listening.

Hurting others,
Betraying brothers,
Many forgetting,
To appreciate mothers.

Innocence gone,
Life no longer long,
We may not know,
But we're all doing wrong.

Striving for success
Just like James Gladstone was
I stand for my people
And I get bless.

Got Inspiration
From Farming
To President of the Association
Fighting for Education
And his participation
For his own Nation
Achieving their administration.

My life narration
Will be about success and devotion
Just like Senator Gladstone liberation.
His dream became reality
And so are my dreams.
