Ecole St. Gerard school
Person: Hazel Braithwaite

Hazel started out quite small,
But made herself important, tall.

She made herself someone influential,
Someone people considered essential.

She was “Director!” and “President!”
And she made that certainly evident.

She went on to the University Board,
Made sure women got some of the hoard.

Hazel was on UFWA, she held every single position,
Finally, she’d accomplished her mission!

Mrs. Braithwaite went on AFA,
She’s not gonna be mistreated today!

She worked with elderly, education, civil defence,
She did much more, what a women with sense!

Mrs. B was on the Boards of Directors of NFU,
She probably bit off more than she could chew!

Hazel was prairie farm woman representative for CFA,
She definitely wasn’t in for play!

Maybe now you know what your life could be,
I know this changed what it’s like to be me.
